Company Registration No. 198703979K

INTERVIEW WITH THE BUSINESS TIMES ON 26 OCTOBER 2006

The Board of Directors refers to the media interview with The Business Times on 26 October 2006. In the interview, the Company expects its HDD ("Hard Disk Drive") production volume to increase by 30% to 50% in the next financial year. This is due to the strong growth momentum in the HDD industry.

In addition, the Company also mentioned that it will venture into new high-mix low-volume segments such as the manufacture of component parts for safety equipment and laser machines. Profit margins for these businesses are expected to be higher than the existing business segments.

Submitted by Sin Kwong Wah, Andrew, Chief Executive Officer on 27 October 2006 to the SGX
