

# ***EHS POLICY***

Miyoshi Precision Limited shall, through an EHS Management System, carry out all activities in a manner which demonstrates responsibility for the environment, health and safety of our earth and people.

*We are committed to:*

- *Create EHS awareness among all staff and provide training in EHS aspects / hazards of their activities;*
  - *Comply with all applicable EHS legal requirements and other requirements in carrying out our operations;*
  - *Minimize EHS impacts / risks of hazardous substances and protect the health and safety of our employees;*
  - *Encourage reductions, re-use and recycling of wastes;*
  - *Provide and maintain safe equipment, tools and machinery at all time;*
  - *Prevent pollution, occurrence of incidents and ill health;*
  - *Strive for continual improvement in overall EHS performance.*
